**PREMIER GAZEBOS & PAVILIONS**

# BENVELIA'S GATEWAY

Enduring style, finest quality materials and a passion for creating and recreating icons of beauty, is the essence of our ethos.

## BENVELIA'S GATEWAY GAZEBO

This is one of our most spacious gazebos and consists of four facade's, each with no less than two beautiful arches. Sweeping arms across the top culminate in a crown in the centre.

Carefully made, in hand worked Iron, she is a real beauty and has an olde English feel to her character. She would look enchanting dressed with climbing roses and honeysuckle, although the delightful and thoughtful detailing looks equally exquisite standing undressed, against the skyline.

She could also be dressed with fairy lights and classic foliage for alfresco dining Shown here, finished in black, Benvelia's Gateway, can be finished in another colour of your choosing, upon special request.

Made from Wrought Iron

Benvelia : **HS722** H: 364cm (143") D: 369cm (149") approx

# THE ROYAL ALEXANDRIA

This magnificent Pavilion is rapidly attracting the attention of the worlds connoisseurs of beautiful gardens and has recently been featured on ITV Programme "Love Your Garden" presented by our own Alan Titchmarsh.

## THE ROYAL ALEXANDRIA WROUGHT IRON PAVILION

This Stunning "Lacework" pavilion, is the largest and finest in our growing collection. Standing at a magnificent 15ft Tall in her central dome, and weighing in at 3/4 ton (750kilo's) of zinc plated steel, the Royal Alexandria is an absolutely bewitching pavillion. This fabulous confection, of mainly solid strip and solid rod, "Scroll and Leaf" construction, takes at least three Blacksmiths, over three weeks to create, with each and every minute detail, lovingly fitted into place, by hand.

Resplendent by day and dazzling by night, her sheer size means she is not for the feint hearted. To admire her at her most regal, we would advise that she is mounted on her own prepared base and in well appointed grounds.

The "Royal Alexandria has four facades each with an entrance, and a large central dome extending upwards in her centre. She is a work of art, few can afford, but for those that fall under her spell, she will leave a lasting impression of unrivalled splendour. Fine Filigree doors are also available please ask for more details! Please note we are continually refining and improving our Alexandria Pavilion, therefor design detail may alter from piece to piece.

Part Number: HS708

Alexandria Dimensions: Height: 464cm (185") Diameter: 340cm (136")  
3.4m Square approx

A dome of eight equal segments measuring approximately 3 Meters Across.

As seen on ITV's  
**"love your Garden"**  
Presented by Alan Titchmarsh

# THE COUNTESS GAZEBO

Nothing is more wonderful on a summers day than introducing your favourite guests to some relaxing alfresco dining ! Do it in style, with fine wrought iron. The perfect accompaniment!

## THE COUNTESS GAZEBO

This wonderful, spacious gazebo or pavilion, has all the detailing & workmanship as in our other fabulous creations, but without the extra weight. She has great impact and presence, but has been created "lighter" for easy assembly, with the additional option, of ease of movement around your garden or grounds, for mowing lawns, garden parties etc, in fact for any occasion where you may want the versatility of moving your gazebo. She has been created in strong, wrought iron, that has been finished in our renowned French cream finish, although as with all of our splendid ironwork, she can be repainted in any colour you wish using a recommended metal paint.

Part Number: **HS706**

Countess Dimensions: Height: 298cm (117")

Diameter: 302cm (118")

# CALISTAS ACROPOLIS

If you are wishing to create great impact from a particular style or era, we have several designs that will help you to achieve your hearts desire.

## CALISTAS ACROPOLIS CAST IRON GAZEBO

This stunning, six column acropolis has been created in time honoured, heavy, cast metal. She is a over 10 feet tall of captivating, hand worked metal. Linking the six, twisted columns are five seating platforms, with two columns left open to form the entrance. She has a large ornate scrolled iron dome, divided into six scrolled panels.

These have been crowned with a delightfully detailed finial, which takes Calistas Acropolis to over 11 feet tall. The base of each column finishes in a sturdy square plinth, which also carries yet more classic detailing.

Part Number: **HS723/L**

Calistas Dimensions:  
Height: 427cm (168") Width: 305cm (120")

# VICTORIAN SCROLL GAZEBO

For many, their "Wedding Day" is the best day of their lives. This fabulous picture, which appeared in "Hello" magazine, shows our Victorian Gazebo at its glorious best.

## VICTORIAN SCROLL GARDEN GAZEBO

As first pictured in "Hello" magazine and purchased for the wedding of Michael Owen (England Intl Footballer) in June 2005, our simply stunning Victorian Scroll Garden Gazebo is a breathtaking addition to your garden or terrace. Manufactured from solid steel which has been galvanised, weighing over 200 kilos and finished in a Midnight black paint work that will keep the weather at bay for years. There is no other gazebo that is made as well or will last longer. This is an item you will only ever buy once. Supplied with ground anchor bars for bolting down or concreting in. Also available with a orb and arrow finial if desired.

Part Number: **HS704**

Victorian Scroll Dimensions: Height: 335cm (132") Diameter: 183cm (72")

Macrame Swing Available  
by special order

# THE "ST RIMINI" GAZEBO

With Glamour and elegance always in mind, our Gazebos and Pavilions are designed to be timeless and unforgettable.

## THE "ST RIMINI" GAZEBO

The "St Rimini" gazebo or pavilion, is an unusual design, with the addition of four fixed seats around its perimeter. She looks lovely on her own or she is perfect for adding a wonderful dining or luncheon table into the middle.

The fixed seating means, that your guests have plenty of room to relax, with optimum space for place settings, although extra, individual seats can be placed in the spaces. She is hand made in wrought iron and features lots of pretty detail, not the least of which is her stunning roof with its raised, double ball finial.

Available in Verdigris, Antique Cream & Midnight Black.

Part Number: **HS720**

St Rimini Dimensions:

Height: 310cm (122")

Diameter: 230cm (91")

**PERFECT FOR  
ALFRESCO DINING**

# RAPUNZEL GAZEBO

Some of our designs have been described as  
"Fairytale".  
The Rapunzel "tower top" fits the description perfectly.

## "RAPUNZEL" TOWER TOP GAZEBO

An unusual, four panel gazebo, hand built in a "tower top" design using high grade wrought iron. Four ornate panels and four entrance apertures are perfect for decoration with Ivy, trailing vines and interwoven flowers. Constructed from high grade iron that has been finished in high grade metal paint to ensure a long lasting weather resistant finish. Shown here in our renowned Antique Cream finish, this delightful tower top gazebo, can be repainted in any colour appropriate to your wedding, or celebration, using a recommended metal paint. Equally it looks beautifully "period", when left in black to "weather down". Fixing options: can be concreted into place or bolted down if required.

Part Number: **HS721**

Rapunzel Dimensions: Height: 317cm (124") Diameter: 218cm (86")
